PHILOSOPHY

Art is valuable; it conveys meaning, emotion, wonder and thought. Students as artists observe their environment and community practicing visual critical thinking skills of observation, evaluation and analysis. As an art teacher I will work to provide students with a visual vocabulary and practice so they can successfully create and communicate in an artful manner.

FIELD EXPERIENCE

ARCHBISHOP STEPANIC HIGH SCHOOL

January - June 2016

- Facilitated an educational experience for 173 students concentrating on group and individual activities.
- Explored project-based learning experiences (group research and presentation, exhibits, critiques) to productively engage students to be artists, presenters, and thinkers.
- Improvised developmental and differentiated learning based on formative assessments – adjusting lessons for respective learning levels.
- Collaborated with faculty, staff, volunteering parents and students during stage production for the Spring musical.

ASAP MEDIA SERVICES, MAINE

September 1990 - August 1995

- Instructor in weekend workshops for Adobe Illustrator and Adobe Photoshop designed for University Instructors, students, and professionals.
- Mentor instructor for group peers interested in digital design and art development.

RELATED TRAINING

- School culture awareness for student diversity, disabilities and English Language Learners.
- Managing behavior and creating a positive learning environment.
- Lesson planning considering learning strategies, differentiation and assessments.
- Fostering a culture for achievement by creating an environment of high expectations.
- Assistant coach for kindergarten-first grade Little League.
